Project 16-1310D

PROJECT UPDATE

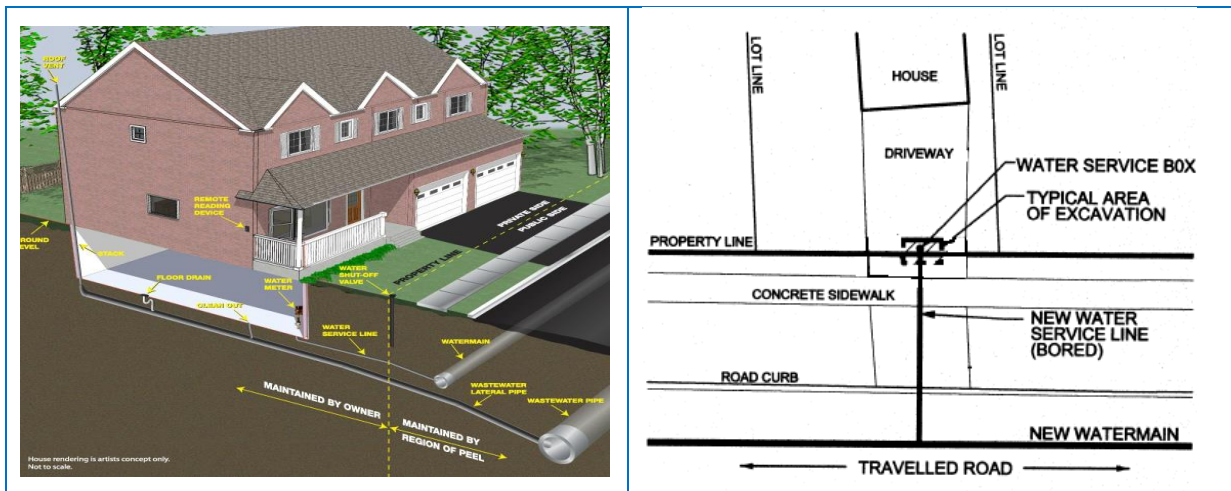

WATERMAIN REPLACEMENT AND IMPROVEMENT

PRINCE JOHN BOULEVARD, ST WYNTENS COURT, AND SIR CARODOC LANE

CITY OF MISSISSAUGA

Update

- The new watermains on Prince John Boulevard, St Wyntens Court, and Sir Carodoc Lane have now been installed. The next phase is to test and commission the watermains before placing them in service. Properties on these streets will now have their individual water lines transferred from the old watermains to the new watermains.
- A new water service line will be brought to the property line where a new water service box will also be installed. Where possible your water line will be installed to the property line using trenchless methods. However, **the area around the water service box will be excavated.**

A larger, interactive version of this picture can be found at peelregion.ca/pw/water/rates/waterbills/yourhome/responsibilities.htm

When?

- We expect to start water service line installations on or about Monday, June 12, 2017, starting on Prince John Boulevard working from south to north.
- The watermain replacement project should be completed before October 1, 2017. All work is under warranty for two years from the completion date.

Working Hours

- Our contractor's normal working hours are from 7 a.m. to 7 p.m. These hours are consistent with the local municipality's bylaws. We understand this may cause some inconvenience, but a shorter working day would mean the project would take longer to complete.

Interrupting Your Water Supply

- It is our goal to let you know 48 hours (2 days) in advance if we need to shut off your water. Occasionally, we may have to reduce this notice to 24 hours.
- If we have to shut off your water because of an emergency, we will do everything we can to fix the problem as quickly as possible.

Repairing the Road, Curbs, Sidewalk and Driveways

- We will start restoring the road and boulevard when all water system replacements and transfers are complete, and as weather permits.
- The City of Mississauga has scheduled Prince John Boulevard, St Wyntens Court and Sir Carodoc Lane for roadway rehabilitation in 2018 which will again disturb a portion of most driveways at the curb. If watermain construction damages a portion of your driveway, we will restore the disturbed area with a temporary asphalt patch. Following the City of Mississauga's 2018 roadway rehabilitation, the disturbed area of your driveway will be replaced from edge-to-edge across the driveway.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Scott Durdle	Project Manager	905-791-7800, ext. 5052
Jimmy Cheema	Inspector	905-791-7800, ext. 3246
FCM Construction Limited		
FCM Construction Limited will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
John Frias	General Manager	905-339-0990
Lawrence Frias	Project Manager	905-339-0990

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- Residents can expect another Project Update notice delivered to your door prior to paving works with further information regarding the City of Mississauga's 2018 roadway rehabilitation.
- Please call the project manager or inspector if you have any concerns or special needs.

How Did We Do?

- After we've finished, we will give you a postage-paid card for you to rate our work.
- Please complete the card and mail it back to us.

Thank you!

Scott Durdle
Region of Peel, Project Manager
